ABOUT THE AUTHORS

Sisters, Nalani and Leila Butler are now top-performing university students, but their book-writing careers began as early as elementary school. In fact, they wrote their first book, *Paige Saves the Day*, in just fifth and sixth grade! Years later, they decided to self-publish their work with the help of their dad, and have since continued writing. Tackling important themes for children such as bullying, friendship, communication, and self-image, to name a few, these girls have stayed true to their publishing company's motto: publishing with purpose. They aspire to continue writing for kids and older audiences in the future.

MARCO MONTERO

Marco Montero is an elementary-aged student in Virginia. After contributing to his older sister's second book, *Paige's Super Friends*, Marco was excited to co-author multiple books with them.

Marco is also an athlete. He enjoys wrestling and football.

THE PAIGE BOOK SERIES

The Paige Book Series centers around a child who uses creativity to counter bullying. Paige creates stories for her family and friends in which she and her dog are superheroes. And the duo always, as the title says, save the day.

For the series, the authors had the idea to create culturally diverse characters to creatively address themes such as bullying, diversity, self-image, honesty, teamwork, and compassion while offering a tool to help teachers, counselors, parents, and other adults have meaningful and productive discussions in homes and schools.

BOOK 1: Paige Saves the Day

Paige is a happy kid with a unique fashion sense and creative imagination. Despite being bullied because of the things that make her different, she enjoys using her creativity to entertain her family and friends with stories in which she and her dog, Peppermint, are Superheroes who always save the day! However, when her bullies plot to destroy her group's big project, Paige is left alone, standing in front of her classmates, speechless. With her group depending on her, will Paige be able to find the superhero inside herself to save the day?

BOOK 2: Paige's Super Friends

Brooklyn's plan for revenge is in motion and no one is safe. Peppermint is in danger and friendships are tested after Darcy is forced to make a tough choice that affects everyone. Who will save the day when Paige can't seem to find her cape?

BOOK 3: Paige's Big Surprise

As the group grows stronger, a secret threatens to tear them apart. Tensions rise as Paige's big surprise leaves Autumn feeling left out, and gives Brooklyn a new plan for revenge. But, when misunderstandings are resolved, the group may come out stronger (and bigger) than ever! ...One might even say more SUPER!

Hi! My name is Sprinkles. Bree is my new owner. She thinks I am the cutest silver lab with blue eyes ever! Her family rescued me from the local shelter. This book is all about my first day home.

Kids like routine. Structure and stability feels safe for children. But life doesn't stay the same. Families move houses, kids change schools, friends shift away or stop being friends, parents can separate and every year they'll probably have to face a new teacher. Life changes are inevitable, but that doesn't make them any easier for children to manage.

Young listeners and first-time readers follow Sprinkles on her first day in her new home after being rescued from an animal shelter. Their exposure to the puppy's range of emotions can help them with understanding and adjusting to change of any kind, addressing their feelings, and learning new strategies and skills along the way.
